25X1

25X1C 25X1C In connection with the films of the Soviet takeover, which they have viewed at CIA, Mr. Walsh would like to fly up to New foundland to see the owner of these films and to make arrangements to have him appear as a witness. Walsh would like to borrow Mr. 25X1A , who knows and has dealt with the owner of the films to make the trip to Newfoundland with him. 25X1A has queried me as to whether CIA might not also get some benefit from the films in support of Amb. Lodge's requirements and therefore might want to participate in the cost of preparing a final version. 25X1 on it turther. There appears to be some feeling that these films may be too old to suit Amb. Lodge's needs. Unless there is a change in this position, I would recommend only that we allow 25X1A to accompany Mr. Walsh on his flight to Newfoundland to talk 25X1A with the owner of the film.
